

Got Grid? These Professionals Do!

- [Michigan TF One Completes Their USNG Training – Feb 2018](#)
- [Bureau of Indian Affairs Sponsors USNG Workshop, Phoenix, AZ – March 2018](#)
 - [USNG Used in Iowa Missing Person Search – April 2018](#)
- [1st Atlanta Metro USNG ELM Project Scheduled to Start – May 2018](#)

Following release of FEMA Directive 092-5 which mandates

[Use of the United States National Grid \(USNG\)](#)

(see: <http://bit.ly/2F1CEU8>)

during all disaster operations, increasing numbers of Geospatial Professionals, Emergency Services Sector personnel, and Decision Makers across the nation to have begun using this **national standard for mapping and communicating "where"** for everyday emergencies, 9-1-1 calls and Search and Rescue.

By attending this **FREE** and unique educational experience, you'll learn about USNG from one of the Nation's **leading Subject Matter Experts!** Find this workshop at:

Upper Midwest Geospatial Conference (UMGEOCON)

University of Wisconsin - La Crosse

May 23, 2018

8:30– 11:30 AM

[Details Here](#)

You **MUST** register to attend this **FREE** workshop.
You **DO NOT** need to register or attend UMGEOCON. Go Here:
